European and North American Railway—Prospect for a Railway through the State of Maine.

We have laid before our readers the intelligence of the great and important fact that a contract has been made for the construction of a first class railroad from the boundary line of Maine, extending through the Province of New Brunswick and Nova Scotia, with a branch and to Shediac Bay, on the St. Lawrence Gulf, embracing a distance of 211 miles.

This is a portion of the road contemplated by the great railroad convention to be built as a material portion of the great highway of nations in their transit from the business centres of the Old World to the business centres of the New World, so that the present arrangements are substantially in favor of the grand plan and idea of the convention at Portland.

The efforts of the government of Nova Scotia to obtain the aid of the home government in constructing its portion of the road, have brought the whole subject so prominently and favorably before the capitalists of England that several of them, seeing in it an opportunity for the investment of their large capital where the interest would be fully secured to them, have concluded to take hold of the enterprise. One of their number, Wm. Jackson, M. P.,—his son Henry M. Jackson, Capt. Wm. Rhodes, President of the Quebec and Richmond Railroad, and Mr. Alexander Russ, C. E., of London, have recently met at Fredericton, by invitation of the Executive Committee of the E. and N. A. Railroad, several gentlemen interested in the construction of the road.

The Portland Advertiser states that the New Brunswick Company was unwilling to contract for their part of the line, unless Maine should be prepared to construct her portion of the work. Such assurances however were given that the Company in New Brunswick consummated the contract with Mr. Jackson and his associates, which was signed by the parties on the 29th of September last. The Advertiser further states that, after passing over the line from St. John to Halifax, Mr. Jackson submitted an offer to the Executive of Nova Scotia for building the Nova Scotia portion of the line on the same terms as those accepted in New Brunswick.

At Eastport Mr. Jackson and his party were met by a committee of the citizens, with whom he partook of a collation, under circumstances which afforded great satisfaction to all concerned.

At Portland the Hon. Mr. Washburn of Orono, the Hon. Mr. Stetson of Bangor, and Col. Mayo of Orono, were waiting Mr. Jackson's arrival, to whom in company with other friends of the road, he communicated his views as to the policy of Maine in regard to the E. & N. A. R. R.

Mr. Jackson and his party in company with the Hon. J. H. Gray of St. John, a member of the Executive Council of New Brunswick, arrived in Portland on Saturday morning in the Admiral, and left in the afternoon by an express over the Montreal road, in company with Mr. Little, the president of the Railroad, and other friends, making a party of some twenty-five in all. The impression left on all minds was, that the consummation of the entire work of constructing the E. & N. A. R. R. is now placed within our reach.

Mr. Jackson had an opportunity of spending some hours in Portland, and of seeing the commercial advantages of Portland, and in passing over the line of the Atlantic and St. Lawrence Railroad, expressed his satisfaction with his visit to our State.

On the consummation of the bargain for the construction of the Montreal and Toronto Railroad, Mr. Jackson will depart for England, to take his seat in Parliament, which is summoned to meet for business on the 11th of November next.

The abundance of money in England, favors the construction of railways in British North America; and the arrival of Mr. Jackson, under the circumstances of his mission, is a matter of interest to Maine. We hope to see the best plan adopted to bring all our railway interests into harmony, under the full belief that such a result will secure at once the construction of our leading lines.

We cannot but congratulate the friends of the Montreal Railroad, and of the European and North American Railway, on the auspicious results of their labors, and to hope that Maine is now so far advanced in commercial importance, as to secure at, an early day, the great destiny to which her friends have assigned her, and that, on the return of the Hon. Mr. Jackson to Portland, we may be able to assure him of our ability to ensure the accomplishment of our portion of the great work now devolved upon Maine."

This whole subject is one of intense importance to Maine, and the general interests of the country and of the world. It may well awaken a new interest in all those, in any way connected with the railroads of our country. In a short time the whole arrangement will be completed for the construction of this great road, except the single link through Maine, from the Kennebec river to the eastern line of the State. This link must be constructed, and to this point must be brought with focal power, all the energies which can be gathered to its support.—We trust Maine will be ready and willing to do her part towards the immediate and rapid construction of this line, and that every interest will be faithfully and prudently invoked to help her in it.

The Frankfort Liquor Case.

At the present session of the Supreme Judicial Court in this County, Judge Hathaway read the opinion of the Court in the famous conspiracy case, tried at Belfast last fall, which grew out of the seizure of liquors on board the steamer Boston, lying at the wharf at Frankfort. McNally and others resisted the officer and there was a serious conflict on board the boat in which the officer and persons aiding him were much injured. The following is an abstract of the opinion of the Court.

State *vs.* McNally, et. als.

HATHAWAY, J. The testimony of Adams as to his acting as constable (objected to by defts.) and of Jones, that he acted as a Justice of the Peace, was properly excluded. It appeared by the warrant that Jones acted as a Justice, and the presumption was that he was such.

The testimony of Chase and Curtis was rightly excluded. The reasons which induced them to believe the charges in the complaint were true, and their purpose in making the complaint could have no effect in regard to the liabilities of the defts.

The instructions requested by defts. counsel, "that the acts with which the defts. were charged with conspiracy to do were not illegal acts," &c., were properly refused. The first count in the indictment charges defts. with conspiracy to commit an assault and battery on a Deputy Sheriff to prevent his doing his duty.

Officers should have reasonable protection when acting in discharge of duty. When the process is void there is no justification of the officer; when voidable for irregularity or mistake he is protected by his precept. "It is a general principle that executive officers, obliged by law to serve legal writs and processes, are protected in the rightful discharge of their duty, if these precepts are sufficient in point of form, and issue from a Court or Magistrate having jurisdiction of the matter." *Sandford vs. Nichols & als.* 13 Mass. 286.

It is no part of the officer's duty to decide the constitutionality of the law, or the construction of the statute. The authority of the warrant is sufficient when the Magistrate has jurisdiction, and the process is regular on its face and does not disclose a want of jurisdiction.

The statute of 1851 (Liquor Law) authorizes a Deputy Sheriff to serve a warrant for seizure of liquors, &c., as well as a Sheriff and Marshal.

This warrant, might have been irregular in directing the officer to summon said Sanford forthwith to appear at a Court holden at my (magistrate's) office at such time *as you may appoint*, but the warrant was not rendered void, and the rights and duties of the officer were not affected thereby.

A steamboat or vessel moored at a wharf is a *place* as much as is a shop standing upon a wharf. It may be stationed there and used for the same purposes as the shop. The language of the statute is, "any store, shop, warehouse, or other building or place in said city or town," evidently intended to include *all place in the city or town in which the mischief intended to be remedied could exist.*

The warrant was not void because it was not and did not purport to be under the seal of the Magistrate. The statute of 1851 provides merely that the magistrate shall issue his warrant. A warrant is not necessarily an instrument under seal; and need not be under seal unless the statute requires it. But there was a wafer attached to this warrant as a seal, and that is the usual seal in such cases. Exceptions overruled.

This is one of the important cases in which it was supposed the law would be broken down, and the result occasions much disappointment among those opposed to the law. The decision of the Court, its seems, to us, is in accordance with the dictates of common sense, and the hope that has prevailed among some that the Supreme Court would put the seal of their disapprobation upon law so needful and so beneficient, when occasion offered, we are glad to find has thus far been disappointed. We have confidence that this Court will sustain all laws that have for their object the promotion of sound morals.

Penalty for conspiracy to injure another is not exceeding three years in the State Prison or not more than $1000 fine, and imprisonment in County Jail, not exceeding one year.

Now that the law is vindicated we trust that the penalty will be made as light as possible by the Court, it being quite sufficient in this case to establish the meaning of the law, and to arrive at a practical course of procedure.

It may not be known to some of our readers that the Somerset and Kennebec Railroad applied for an injunction against the Penobscot and Kennebec Railroad, the Directors in this city having put the road from Waterville to Kendall's Mills under contract. The question of granting an injunction came up yesterday, at Portland before Judge Howard. A private telegram received yesterday afternoon states the result, briefly thus:

"No injunction. All proceedings decided in favor of the proceedings of the Bangor Directors."

☞ Mr. Fowler's lectures are now attracting much attention in this city. His lecture on this evening, at the Market Hall, will be upon the subject of Intellectual Cultivation and the education and training of children. It will be found eminently interesting and useful. We would advise all to attend.

☞ The San Francisco Whig says, an inquest was held at Shasta on the 11th inst., upon the body of Samuel B. Daggett, who came to his death by being stabbed by a man named Mc Mahon. The deceased was aged 28, and from Maine, where he leaves a family.

Great Meeting of the German Whigs of the Seventeenth Ward.

In pursuance of a call by the German Scott and Graham Club of the XVIIth ward, a large and enthusiastic meeting was held last evening at the Henry Clay House, corner of Avenue A and First street. The meeting was called to order by Herr Peter Palm, President of the Club, who opened the business of the occasion by a short address, and then called upon Herr Eickoff, which call was heartily responded to by the assembly.

Mr. Eickoff, in name of a committee, appointed to prepare resolutions for the adoption of the meeting, came forward, and after a short introduction, offered the following series of resolutions:

Whereas, The so-called democratic party declares that Government to be the best which governs least, and thus solemnly pronounces that it does not consider it the business of a government to prevent the exploitation of the weak by the strong, of the poor by the rich; and

Whereas, In opposition to the above mentioned maxim, the Whig party have laid it down as a principle, that the interest of the governed is the only reason for the existence of government, and in accordance with this principle, makes it the duty of Government not only to protect industry but to undertake such works as may be conducive to the general weal;

We, citizens of German descent, here assembled, do declare the principles and policy of the Whig party to be best adapted to promote the welfare of the masses, and pronounce it to be our firm and unalterable conviction, that the degree to which the happiness of the people can be secured, will depend solely upon the extent to which those salutary principles may be adopted.

In accordance with this declaration, and to assist in giving Whig principles such an expansion as will insure permanently the welfare of the people, be it

Resolved, That for the purpose of a more efficient protection of industry, besides a protective tariff by which it is intended to prevent the depression of wages of labor by competition with the pauper labor of the old world, additional measures will be required to prevent the depression of wages consequent upon unchecked competition among our own workingmen.

Resolved, That as the most efficient measures to be adopted for this purpose, we recognize the granting of Public Lands, in limited quantities to all actual settlers, inasmuch as no other measure is so well adapted to prevent the accumulation of unemployed and superfluous laboring men in our large cities, and secure to workingmen a full reward for their labor.

Resolved, That the real cause of the unpopularity into which the Whig party has fallen with one class of working men is only to be found in the fact that the opponents of Whig principles and Whig measures have hitherto prevented their being executed effectively, and we do not doubt that as soon as those principles will be put into practice to their whole extent, the whole laboring population will declare themselves in favor of them.

Resolved, That in our conviction the seed of genuine progress is not contained in the so called Democratic party, which proclaims itself by its principles as the party of doing nothing, but that it is contained in the Whig party, and that all reformers can do nothing better for the development of this seed than to enter the whig party.

Resolved, That we hold freedom of religion one of the first principles of republicanism, as well as freedom of opinion in politics; and that we agree with our American fellow citizens in the opinion, that every attempt of a political party or faction to deprive a citizen of one or the other of his rights or privileges on account of his creed in religious matters, ought to find a just rebuke.

Resolved, That we wish, for the protection of those of our fellow-citizens who are not familiar with the English language, that in nomination for, or filling certain offices, with which this class of our fellow-citizens stands in frequent and close connection, due consideration be paid to such men as understand the German language, and that in this wise, while we will do our duty, our interests may not be neglected.

Resolved, That we, as German speaking Americans, do in no wise intend to separate ourselves or our cause, from our native-born fellow citizens, but that we will unite with them in good harmony for a common cause, the well being of the people, the best interests of our adopted country, the spreading of the principles of liberty and independence, upon which this Union is founded, and that we will prove this, our contention by supporting with all power, the nominees of the Whig party, General Winfield Scott and William A. Graham, both being genuine American characters and pure republicans and patriots.

Resolved, That we hail the movements of the Germans, in different parts of the Union, for the Whig party and its nominees, as a contribution to their country's well being.

After the reading of the resolutions, the President put the question upon their adoption, which was carried unanimously.

A call was now made for Mr. Charles S. Spencer, who came forward, and made a long address in English, in which he defended Gen. Scott against the charge of Nativism, gave a short review of his life and compared his claims with those of Franklin Pierce, upon the support of the people in the present contest. His speech was repeatedly interrupted by loud expressions of approbation.

Herr Carl Taeschman, being called, followed with a forcible speech in which he reviewed the principles of the Whig party, showed the necessity and advantages of a Protective Tariff, exhibited in a clear and powerful manner the rights and duties of the Germans in America, and in a fine strain of irony gave the Locofocos all merited glory and praise for the kindness and care with which they take care of the poor, ignorant and childlike Germans under their protection, warning him against the deceit and treachery of the Whigs, and the falsity of their documents, and teach them their political and social duties—which in the Locofoco catechism amounts to this; "Hurrah for our candidates at public meetings and vote for them at the polls." Great applause followed and oftentimes interrupted this speech.

Ex-Alderman Ely followed in an extended speech, in which he compared the principles of the two parties, or rather the principles of the Whigs with the no principles of their opponents.

He was followed by Mr. Lathrop, of the seventeenth Ward, who spoke of the deeds of Gen. Scott, and recommended him to the support of the Germans, not only on account of his superior qualities as a citizen and a soldier, but because he is the candidate and representative of that party, the principles of which are best adapted to the welfare of the country. When he had concluded,

Mr. Karl Treschmand was called upon, and came forward and delighted the audience by singing a few Whig campaign songs in the German language, in which a large proportion of the audience united!

Some speeches about local matters were afterward made; after which the meeting adjourned with enthusiastic cheers for Scott and Graham and the good Whig cause.—New York Tribune.

Disaster to the Steamer Admiral. As the steamer Admiral, from St. John, N. B., was coming up the harbor about half past 5 o'clock yesterday P. M. she was run into off T. wharf by steamer Eastern State, when the former was so much damaged that she had to be run ashore at East Boston, where she soon filled with water up to the cabin floor. The cargo, being mostly on deck, will probably be all saved without any damage, but the furniture of the boat must be much injured. The Admiral had a large number of passengers, who were taken off by the Eastern Railroad ferry boat, and brought over to the city. The Eastern State probably sustained no damage, as she proceeded to sea.—Boston Post of Friday.

☞ An accident occurred on the 7th, on the Railroad at Weir's Bridge, N. H., by a train running into another with a disabled engine and five persons were killed and others injured, John H. Smith, Dover; Jonathan McDuffie, Acton; Mr. Roberts, Holderness, and Anthony Egerly, Tuftonboro.

BE NOT DECEIVED.

Unprincipled men and ignorant quacks, have taken advantage of the great popularity and *wonderful cures* performed by CURTIS & PERKINS' CRAMP AND PAIN KILLER and are endeavoring to palm off BASE IMITATIONS and counterfeits of this article. REMEMBER the ONLY GENUINE original Cramp and Pain Killer in the world is CURTIS & PERKINS', as will fully appear by their right secured for the United States, and no OTHER person in the world is in possession of the secret of compounding the genuine article. Avoid all spurious and miserable imitations, or you may take Poison instead of Pain Killer. Purchase of our authorized agents. Be sure you get the genuine Curtis & Perkins' Cramp and Pain Killer and you will be positively sure of relief from pain and a speedy cure.

☞ We advise all Dry Good purchasers to take a look into T. G. Stickney's spacious Store, crowded from top to bottom with every variety of Dry Goods and Carpetings. We think he must sell cheap, if he expects ever to dispose of his immense stock.

P. of F.

Purchasers of Furniture will find it for their advantage to call on H. G. BROWN, No. 22 Central Street, just round the Corner of Daw's Block, and examine his new stock of Furniture, Feathers and Mattresses.

A CARD.

MRS WINSLOW TO THE LADIES.

Mrs. Winslow, an old and experienced nurse and Female Physician, would call the attention of the Ladies to her Soothing Syrup for Children teething. It will immediately relieve them from pain, allay all spasmodic action, soften the gums, reduce inflammation, and is sure to regulate the Bowels. Depend upon it Mothers, it will give rest to yourselves and relief and health to your children. Price 25 cents per bottle.

We have sold very large quantities of Mrs. Winslow's Soothing Syrup during the past six years, several thousand the last year. We believe it the best medicine in the world for Children teething or for the cure of Dysentery and Diarrhea in Children whether it arises from teething or any other cause. It gives universal satisfaction—never heard a complaint from any one using it—never sold a medicine so universally successful in relieving pain and affecting cures—relief is ABSOLUTELY SURE.

CURTIS & PERKINS, Druggists, Bangor, Me.

Sold by Agents in nearly every town in the State.

Thousands have been cured, why may not you by the **Cramp and Pain Killer.**

The world is astonished at the wonderful cures performed by the CRAMP AND PAIN KILLER, prepared by CURTIS & PERKINS. Its equal has never been known for removing pain in all cases; for the cure of spinal complaints, cramp in the limbs and stomach, rheumatism in all its forms, bilious cholic, burns, sore throat, and gravel, it is decidedly the best remedy in the world. Evidence of the most wonderful cures ever performed by any medicine are on circulars in the hands of Agents—you may be positively sure of relief if you use it.

N. B.—Be sure and call for CURTIS & PERKINS' Cramp and Pain Killer. All others bearing this name are base imitations, and will deceive and injure the patient. Price 12½, 25, 37½ cts per bottle, according to size. Sold by Agents in nearly every town in the State.

The most extraordinary discovery in the world is the Great Arabian Remedy for Man and Beast, H. G. FARRELL'S

CELEBRATED ARABIAN LINIMENT.

The beautiful and fertile region skirting the desert of Arabia, abounds with rare plants and odorous woods, whence are procured those aromatic gums and balsams of which this Liniment is composed, and by whose stimulating, unctuous and penetrating properties it is, when applied, diffused through the whole nervous system, allaying the most intense pain in a few minutes. Try it and you will be convinced that no preparation possesses in so high a degree, its perfect anodyne qualities. Its action is prompt and effective. It penetrates the flesh to the bone, relaxes contracted cords, restoring use to the limbs paralyzed for years, and where the flesh has wasted away, leaving nothing but skin and bone, excites a healthy action, causing new flesh to grow out and fill up the shrivelled parts. It restores the synovial fluid or joint water, and this is the reason why it has been so successful in diseases of the joints. In affections of the Spine, Liver, Lungs and Kidneys, the great remedy stands before any other ever produced. For ague cake or enlargement of the spleen, it is a specific. For any internal inflammation, you will find it gives great relief. It has no equal in the world for Rheumatism—Also, cramp, swelling, numbness, weak joints, Spine and Chest, pains, wounds, chilblains, burns, sore throat, bites of insects and reptiles, felt rheum, warts, corns, mange, and indeed nearly all diseases which require an external application, and many others, are greatly benefited by it. It is used externally with great success in goitre, or swelled neck, Scrofula or King's Evil, Liver Complaint, nervous diseases, &c. For Horses or Cattle, it is as effectual as in diseases of man. Will cure any case of Sweeney in existence, also, Spavin, Splint, Ringbone, Big-head, Fistula, Farcy, Poll Evil, Windgalls, Strains, Bruises, &c.

LOOK OUT FOR COUNTERFEITS.

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H. G. Farrell, sole inventor and proprietor, and wholesale druggist, No. 17 Main Street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure, you get it with the letters H. G. before Farrell's, thus—H. G. FARRELL'S—and his signature on the wrapper.

Sold by INGRAHAM & FULLER, wholesale and retail, Bangor. Also by R. F. Kinsell, Oldtown. French & Hamilton, Dexter. Geo. Parcher, Ellsworth, P. O. Fishery, Houlton. And by regularly authorized agents throughout the United States.

☞ Price 25 and 50 cents, and $1 per bottle.

AGENTS WANTED in every town, village and hamlet in the United States, in which one is not already established. Address H. G. Farrell as above, accompanied with good reference as to character, responsibility, &c.

ZINC AND Fire Proof Paints,

Warranted Pure.

THE New Jersey Zinc Company furnish their Zinc Paints at the following prices:—

No 1 White, ground in oil, 9 cents per lb.

No 2 White, " in oil, 8 " lb.

No 3 White, " in oil, 7 " lb.

Dry White of Zinc, 6 cents per lb.

Brown and Black, ground in oil, 6 cents per lb.

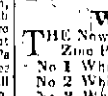

Their WHITE ZINC PAINT—equal weight—covers, according to surface, from 40 to 100 per cent more surface, than any other Paint; retains its whiteness, brilliancy and protective qualities for years, is free from the poisons so dangerous in other pigments, to painters and tenants of newly painted rooms, and resists the sulphurous coal gases and foul air of ships, and is not liable or inside paint, does not tarnish or become yellow. Ground in varnish it forms a beautiful porcelain finish.—The French Government has adopted Zinc Paint for all uses.

The BROWN AND BLACK ZINC PAINTS form directly a solid metalic coating on wood, brick, iron, &c., admirable for fire proof qualities. They are unrivalled for rail cars, depots, engines, &c. For marine uses they resist the corroding of salt water and weather, so fatal to other paints.

The Zinc and Fire-Proof Paints are sold at wholesale and retail at the manufacturer's prices by GEO. W. EMERSON, Druggist, Agent for Bangor,

We do not claim perfection for it, but we are confident it has no superior in this or any other market, either in durability, natural beauty of design, economy in fuel or convenience of construction. The Castings are smooth and heavy and are all warranted. The conveniences for Boiling and Baking are excellent, and for Broiling it surpasses anything we have ever seen—carrying off all the smoke and steam.

We manufacture them in this city and can furnish any piece at any time thereby saving the time and expense of procuring them from abroad.

Please call and examine them before purchasing.

—ALSO—

A great variety of other Stoves such as the GRANITE STATE, BAY STATE improved, the Constitution, The FORREST QUEEN, &c. &c. Also—all kinds of Elevated Oven Cook Stoves.

—ALSO—

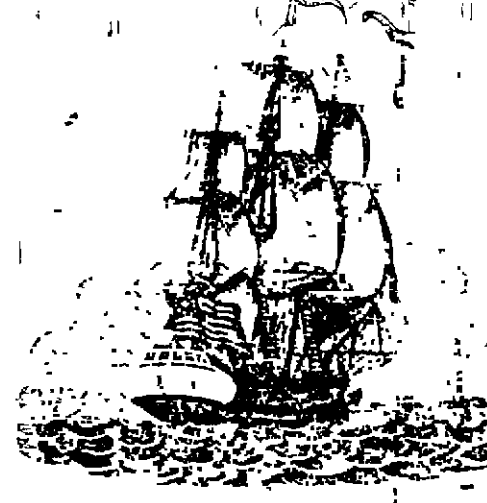

Franklin, Cylinder, Box, Sheet and Cast Iron Air Tight STOVES, Stove Pipe, Zinc, Chain and Cast Iron PUMPS, Sheet Lead, &c. &c. All the above articles will be sold at as low prices as the same quality of goods can be bought at any other Store in the city.

San Francisco Direct!

The well known clipper built BARK

GOLD HUNTER!

300 Tons, NICKERSON, Master,

Will positively leave the Steamboat Wharf at ten o'clock, on Wednesday, Oct 27. All baggage is requested to be on board the day previous.

13 More Passengers will be taken.

This Bark was built expressly for the California trade. She made the passage from San Francisco to New York in 102 days. She is fitted up expressly for passengers and will be in good ballast trim for sailing. She will take the steamer down the river, and there remain a few days to get ready for sea.

The Rev. Daniel McMaster, of Pittsfield will go out as Chaplain.

No pains or expense has been spared to make the passage a pleasant one, and as short a one as has been made, as she goes out only in ballast.

JAMES DUNNING.

Patent Safety Lamp and Lamp Feeder

A NEW article warranted to prevent all accidents from the use of Burning Fluid, Camphene, and all other explosive compounds used for the production of light.

This invention is applied to Silver, Brass, Britania, Glass and all other styles of Lamps and Lamp Feeders.

CERTIFICATE.—We have had an opportunity to test the Patent Safety Lamp and Lamp Feeder of Mr John Newell of this city in regard to the measure of protection which their construction affords.... In trials to which we subjected them we endeavored without effect to produce explosions of the vapor of the fluid mixed with air and to burst them by the pressure of the vapor in....

The principle adopted by Mr Newell is that of the well known Davy Lamp. He has so combined the parts that we are satisfied that all risk of explosive detonation is removed.

Cholera!

THE first heat real of the season for Bowel Complaints has appeared and a few cases of the nearly approaching Cholera as to be of a most frightful and extremely dangerous character have shown themselves. No medicine has ever yet been offered to the public which has been found to possess one half the real merit of

HARDY'S CHOLERA PREVENTIVE

and effectual cure for Cholera Morbus, Dysentery and Diarrhoea.

Cholera in its first stages has always yielded to it, and I will warrant it a sure, safe and speedy cure for the other complaints named—and I will show the strongest proofs of the correctness of this statement.

BANGOR AIR TIGHT COOK STOVE

BANGOR AIR-TIGHT
COOKING STOVE!

THE best Cook Stove ever introduced to the notice of the people.

Having secured the sole agency of this very desirable Stove, I take great pleasure in offering it to my customers and the public. This Stove was invented expressly for this eastern market, by those experienced and expert Stove manufacturers, Messrs. Eastes & Whittier, who know, and have appreciated the wants of this enlightened people. It is now offered to the public with the fullest confidence in its merits, and its superiority over every other Cooking apparatus ever introduced. Its conveniences for Boiling, Broiling, Frying, &c., are not surpassed, and its extensive and beautiful Oven for Baking and Roasting will at once recommend itself to the Ladies. One very important feature is, it has very stout and smooth castings and being manufactured in this city, can at all times be repaired, if ever necessary, at a trifling expense without subjecting one to wait for castings to be ordered from New York, Rhode Island, or elsewhere. Every Stove is warranted one year, and one not giving entire satisfaction may be returned and the money will be refunded after 30 days trial.

—ALSO—

A great variety of other patterns of cooking Stoves, such as the
Our State, Bay State, Empire State, Granite State, State of Maine, &c.,
All or any of which will be sold at extremely low prices.

Elevated Oven Stoves—Hampden 3 and 4 Boiler, and two Oven—Boston two oven Stoves, Forrest Queen, &c—and that very beautiful pattern of Culver's Parlor Cook Stove, and in fact every variety of Stove for Cooking or warming, worthy of notice, can be found at the Central Street Stove and Furnace Depot.

CULVER'S COAL FURNACE

Is acknowledged to be the very best Furnace for Coal ever introduced.

PROUTY & MEAR'S
WOOD FURNACE!

Manufactured entirely of Cast Iron is the most durable and economical Wood Furnace to be had—

—ALSO—

Lombard's Kennebec Wood Furnace, of which I sold the past season 10 or 12 and they have all given entire satisfaction. From six to eight cords of dry hard wood is sufficient to warm any ordinary sized dwelling house.

Any of the above Furnaces set in the best and most approved manner at short notice.

Well and Cistern Pumps of all the desirable patterns and sizes. Lead Pipe, Sheet Lead, Sheet Zinc, &c., &c.

N. England Truss Manufactory

JAMES FREDERICK FOSTER,
MANUFACTURER OF
Ratchet and Spiral Trusses,
467 Washington Street, 467,
BOSTON.

ALL the various approved trusses constantly for sale. Ladies waited on by Mrs Caroline F. Foster, who has had twenty years experience in the business.

Strangers in the city will please take notice the odd numbers and the even numbers are on opposite sides of the street, it being 415 opposite to the subscriber's residence 467, where he will keep a full supply of Ready Made Trusses, for Gentlemen and Ladies, Youths and Infants. Abdominal Supporters of five or six different kinds and such as Hull's, Chapin's Spinal, Cutter's, Fitch's, Ingall's, &c., &c.

☞ Ladies waited upon by Mrs. Caroline D. Foster at the above place.

The following certificate from Dr. John C. Warren of Boston, was given 16 years since, but will last forever.

Boston, January 7, 1835.

Having had occasion to observe that some persons afflicted with Hernia, have suffered much from the want of a skillful artisan, in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr. J. F. Foster, to supply the deficiency occasioned by the death of Mr. Beath. After some months of observation of his work, I am well satisfied that Mr Foster is well acquainted with the manufacture of these instruments, and ingenious in accommodating them to the variety of cases which occur. I feel called upon, to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to those important articles.

JOHN C. WARREN, M. D. Boston.

CERTIFICATE. The following certificate is from Professor Stuart, of Andover Theological Seminary.

The undersigned having occasion to employ Mr. J. Frederick Foster, of Boston, in making and fitting Trusses for the relief of Hernia, takes great pleasure in recommending him to the favorable notice of such persons as may be afflicted with that and similar complaints. Mr Foster's success in the manufacture and adapting them to the body giving ease and comfort to the wearer, surpass (as far as our experience goes) any other manufacturer of the article.

The numerous testimonials which he has received, together with the recommendations of that eminent surgeon, Dr. J. C. Warren, is a sufficient guaranty for all who may favor Mr. F., that his instruments will give entire satisfaction, and he will satisfy all reasonable demands for an equitable compensation. M. STUART.

PATENTS.
American and Foreign Office

AGENCY FOR BUSINESS
WITH U. S. PATENT OFFICE,
WASHINGTON.
No. 22 State Street, Boston.

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U. S. Patent Office, in accordance with the 10th Sec. of Act of 1837.

Having relinquished the Agency for the transmission of Models, and adopted a more expeditious mode of sending them to the Patent Office, *where by a Patent may be procured about six weeks earlier* than usual, he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of verbally explaining their inventions, and of consulting in respect to them; *matters of generally paramount importance in order to obtain correct specifications and claims.* The experience of sixteen years practice, an extensive collection of rare works, decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of Inventions patented at Washington, enable the subscriber to afford, to inventors desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

—R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1840.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE, Late Commissioner of Patents.

Townships thirty-eight and thirty-nine, of range twenty-seven.

Township thirty nine, of range twenty eight.

Lands appropriated by law for the use of schools, military, and other purposes, will be excluded from the sale.

The offering of the above-mentioned lands will be commenced on the day appointed, and will proceed in the order in which they are advertised, with all convenient despatch, until the whole shall have been offered, and the sale thus closed; but the sale shall not be kept open longer than two weeks, and no private entry of any of the lands for land bounties heretofore granted by any law of Congress for military services rendered to the United States of any of the lands will be admitted, until after the expiration of the two weeks.

Given under my hand, at the city of Washington, this twenty ninth day of July, Anno Domini one thousand eight hundred and fifty-two.

MILLARD FILLMORE.

By the President:
JOHN WILSON,
Acting Commissioner of the General Land Office.

Notice to Pre-Emption Claimants, and to Lessees, Occupants and Permittees of Mineral Lands.

EVERY person entitled to the right of pre-emption to any of the lands within the townships and fractional townships above enumerated, is required to establish the same to the satisfaction of the Register and Receiver at Stillwater, and make payment therefor *as soon as practicable after seeing this notice*, and before the day appointed for the commencement of the public sale, otherwise such claim will be forfeited.

And every person having the right under the act entitled "An act to create an additional Land District in the Territory of Wisconsin, and for other purposes," approved 3d March, 1847, *as lessees, occupants, or permittees* to enter to the extent of their leases or permits any of the lands within the townships and fractional townships above enumerated, and who are entitled under the act entitled "An act to reduce the minimum price of the mineral lands in the Lake Superior District in Michigan, and the Chippewa District in Wisconsin," approved 26th September, 1850, "to enter the land covered by their leases, occupancy and permits respectively," at the minimum price of $1.25 per acre, or if covering more than one full section, entitled "on the surrender of such lease or permit at the proper Land Office, to purchase, if he shall elect to do so, one full section," at the rate of $2.50 per acre, is required to establish the same to the satisfaction of the Register and Receiver at Stillwater, and make payment therefor *as soon as practicable after seeing this notice*, and before the day appointed for the commencement of the public sale of the lands embracing the tract claimed, otherwise such claim will be forfeited.
